Self-Guided Experiences

Bushwalking, Mountain Biking or Jogging Tracks

The team here are kept busy with the slasher and grader out regularly to keep our tracks clear for guests. With over 28500 acres to explore there is no shortage of adventures. Just ask for a map before you depart and be sure to pack sunscreen, a hat and lots of water!

Fishing and Yabbying

The Bogan River is teeming with underwater activity and despite a high population of carp you may be lucky enough to catch a Yellow-Belly (aka Golden Perch) for dinner! Cast your line from the banks of the Bogan or from one of our lovely row boats! We also have some great reliable dams for yabbying so just ask if you'd like some nets and bait. They pair perfectly with a little butter, some home-grown lemon myrtle and a local chardy!

The Sunset Lookout

Grab a mud map, some beers and bubbles and jump in your car for a short drive across the paddocks to see the best view across the property at golden hour!

Photography

We are happy to host photography workshops but also encourage our visitors to bring their cameras and catch their own personal forever moments.

Moon and Star Gazing

One of the most unique things about living in outback NSW is the number cloudless days and starry nights. When it is a full moon you can see the detail of the craters with your naked eye, binoculars or your camera. The greatest advantage of moon and star gazing is the lack of light pollution caused by city or even and town lights. There is no light pollution interference for visitors because the nearest city is 55 kilometers away.

Native Flora and Fauna

Kangaroos and Wallabies - We have Western Grey, Red Kangaroos and occasionally Wallaroos which are a darker, shorter wallaby.

Bird Life – Callubri Station is home to plethora of outback bird species and a wonderful place for twitchers and casual bird watchers alike. Please just ask if you would like to borrow any books on our local birds or a pair of binoculars. The station is home to large flocks of Pink and Grey Galahs, Twelve Apostles or Lousy Jacks, Top Notch Pigeons, White Corellas, Mallee Ring Necked Parrots, Magpies, Peewees, Honey Eaters, Finches, Native Doves, Pelicans, Black Swans, Water/Swamp Hens, Ibis, Kingfishers, Butcher Birds, Kookaburras, Herron, Bittern, Bowerbird, Blackbird, Crows and Ravens, Mud Swallows, Hopping Bobs (Bablers), Fairy Martins, Eastern Rosellas, Blue Bonnets, Black Cockatoos, Wood Ducks, Divers, Larks, and many more. In early spring you may even spy a flock of baby emus running behind mum! If you look up high, we are constantly being observed by Sparrow Hawks, Brown and Black Kites and even the king of the raptors, The Wedge Tail Eagle gliding high overhead on thermals.

Reptiles - We have many scaly friends (and some we would prefer not to make friends with!) here in Outback NSW. We mainly see Carpet (Pythons) and Western Brown, Red Bellied Black, Green Tree and Whip Snakes, Goannas, Frill-less Frill Neck Lizards, Geckos, Blue Tongue Lizards and Shinglebacks.

Amphibians – Our river area is home to Green Tree Frogs and Cardinal Frogs.

Vegetation - Callubri Station is in a region that generally receives less than 400mm a year. Most of the vegetation is xerophytic meaning that it is drought tolerant and includes Wilgas, Eucalypts, Red/Yellow/White/Black Box, Kurrajongs, White Cypress Pines, Warrior Bush, Sandlewood, Budda, Wattles, Belah, River Cooba, Myall, Quandong, Rosewood, Whitewood, Leopard Wood, Fuscia Bush, Yarran and many more.

Seasonal Bush Flowers - Daisies, Billy Buttons, Sturts Desert Pea, Wild Turnip, Wattles and Gums.

Creek Beds and Springs - We have two creeks; Bloochers Cowal and Mulla Cowal that head across our swamp paddock and Euloglen house block. The creeks are ephemeral as they only run if we receive over 2 inches of rain.

Identification Books and Binoculars - We have several books and binoculars that we allow our guests to borrow. Please ask at the guest lounge.

Signature Experiences

Farm Tours - Subject to Availability - 3hr duration - \$595 up to four guests, \$895 up to eight guests

'Smoko' and Farm Exploration - Before we head bush, wander up to the Shearer's Quarters to grab a fresh brew! After 'smoko' jump aboard as we fire up the old Landcruiser and take to the dirt tracks to show you our beautiful corner of the world. Today's trip will start with a wander through the old hand chiseled timbers of our original "Callubri Station" woolshed built in the late 1800s before heading through the livestock paddocks and culminating in a tour of our new shearing shed at Euloglen halfway across the property.

Farm Adventure and The Lookout Sundowners - Time to get your bearings across our 28,000-acre station! Today's adventure will take in our cropping fields, the large machinery we use to sow and harvest the crops and culminate with sundowners on 'The Lookout'. Cast your eyes over hundreds of kilometers of the wild Western Plains at our most popular spot for sunset, enjoy a refreshing beverage and farewell another perfect outback day.

Staying Longer?

Are you keen to see the day-to-day activities of the farm? Whether it be moving a mob of sheep or assisting with crop inspection there is always something to get involved with! Please refer to our farm calendar for seasonal activities.

A selection of artisan spa products from our friends at Dindi Naturals are on offer for your soak and pure cotton waffle robes and slippers to keep you cosy. Adorning the hand-crafted grazing board is a spread of local gourmet goodies to graze on as the sun goes down. Oh and some soothing vinyls playing from the portable gramophone. Sound like heaven? We think so!

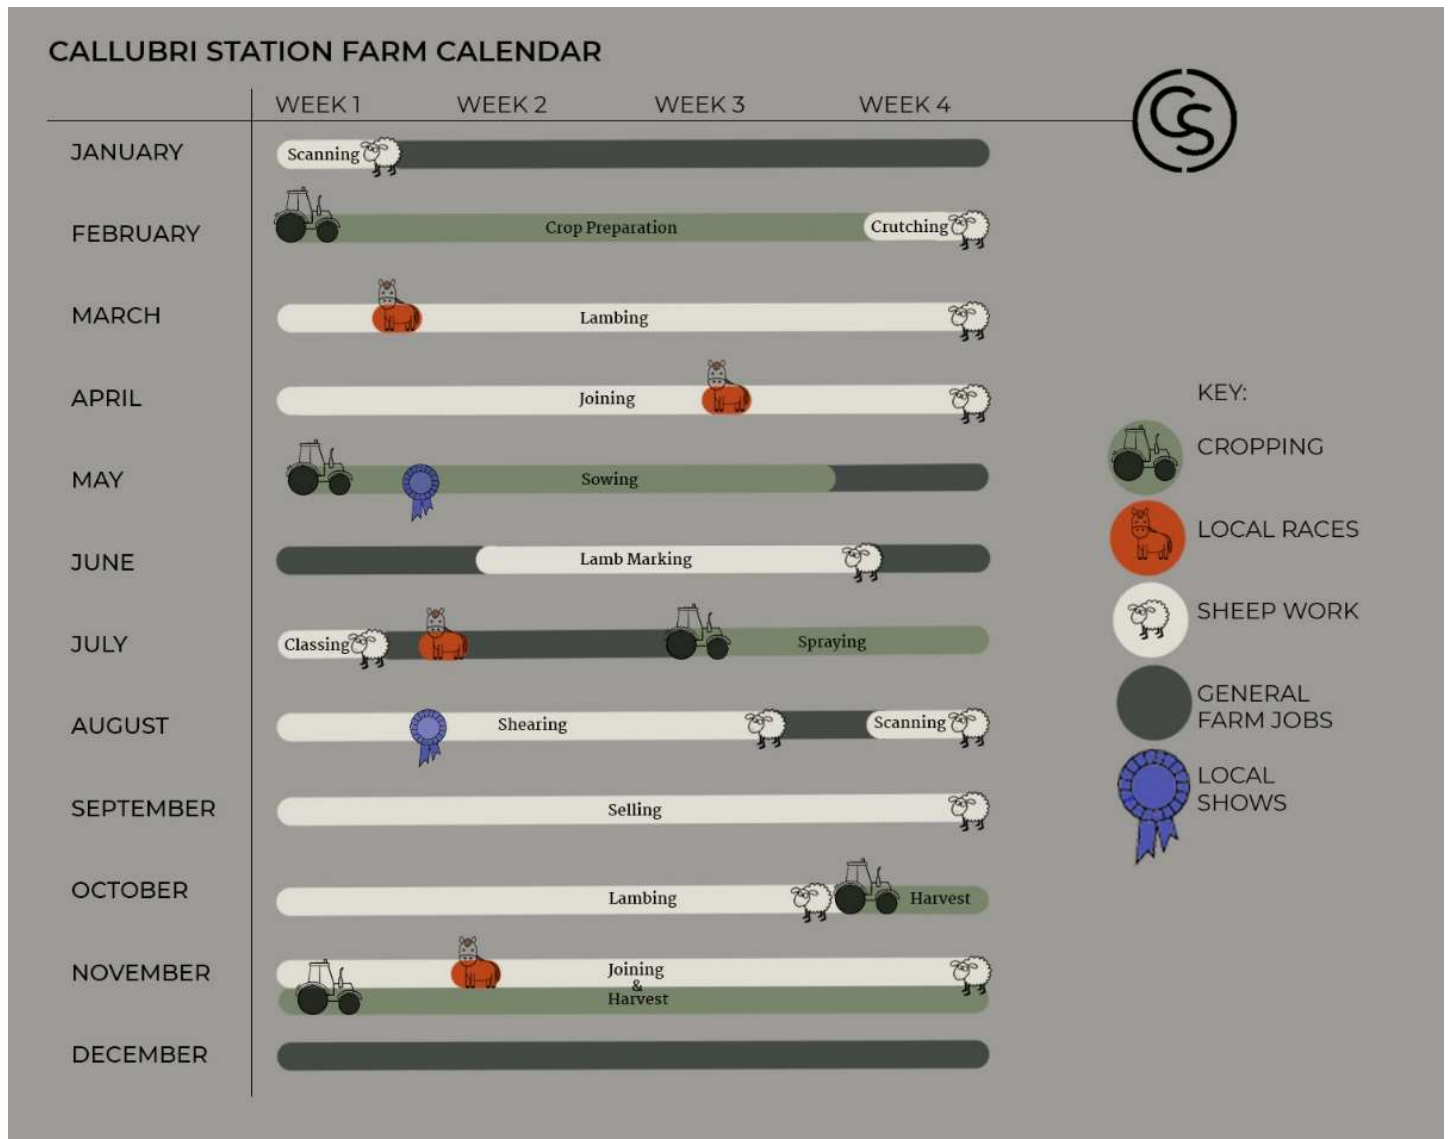

Our Environment

Our farm is in the heart of the Western Plains and is classified as a semi-arid zone. We generally don't experience either summer or winter dominant rainfall however as you can see it can get pretty toasty during the summer months. Please note the below temperatures indicate our averages and temperatures can reach up to 45 degrees in summer and down to 0 degrees in winter!
